Subject: [WARNING: SPF validation failed] Questions about Gunnison Public Hearing in Dagoon

Dear Ms. Rumrill,

I wanted to touch base with you on the details of the Public Hearing on Excelsior's Gunnison Copper Mine Project to be held in Dagoon on tonight.

Could you tell us more about the format?

How many minutes will each person have to speak?

Can the session be recorded and videoed?

Can a person be on a speaker phone to hear the public hearing?

Will everyone in attendance who wants to speak be able to do so?

Are there any other considerations that the participants should know about before the hearing?

Thank you for responding to these questions. We appreciate and look forward to the public hearing.

Sincerely,
Christine
